

## Forest Lane Plant Recommendations

Plant Name/Type	Sun/Shade	Moisture	Success Rate	Spreading Rate	Notes
<b>Trees</b>					
Grand fir ( <i>Abies grandis</i> )	full sun/part shade	moist/dry	high	moderate	
Western white pine ( <i>Pinus monticola</i> )	full sun/part shade	moist/dry	medium	moderate	Do not plant next to Ribes spp (Currants) to avoid Blister
Western redcedar ( <i>Thuja plicata</i> )	part shade/deep shade	wet/moist	medium	moderate	
Western yew ( <i>Taxus brevifolia</i> )	part/full shade	moist/dry	medium	moderate	
Red alder ( <i>Alnus rubra</i> )	full sun/part shade	wet/moist	medium	rapid	
Garry oak ( <i>Quercus garryana</i> )	full sun/part shade	moist/dry	medium	slow	Typical of well-drained, rocky prairie soil in Puget Trough
Scouler willow ( <i>Salix scouleriana</i> )	full sun/part shade	moist/dry	high	rapid	Only native Willow that is drought tolerant
Big leaf maple ( <i>Acer macrophyllum</i> )	full sun/part shade	wet/dry	high	rapid	
Shore pine ( <i>Pinus contorta</i> )	full sun/part shade	wet/dry	high	rapid	
Black cottonwood ( <i>Populus trichocarpa</i> )	full sun/part shade	wet	high	rapid	Great for stream banks, pond edges, and low wet areas
Western hemlock ( <i>Tsuga heterophylla</i> )	part/full shade	wet/moist	medium	moderate	50% susceptible to Laminated root rot
<b>Small Trees/Shrubs</b>					
Vine maple ( <i>Acer circinatum</i> )	part/full shade	moist/dry	high	moderate	
Beaked hazelnut ( <i>Corylus cornuta</i> )	full sun/shade	moist/dry	high	moderate	Prefers well drained sites
Pacific dogwood ( <i>Cornus nuttallii</i> )	part/full shade	moist	medium	moderate	
Red elderberry ( <i>Sambucus racemosa</i> )	full sun/shade	moist/dry	medium	rapid	
Serviceberry ( <i>Amelanchier alnifolia</i> )	full sun/shade	moist/dry	medium	moderate	
Osoberry ( <i>Oemleria cerasiformis</i> )	part/full shade	moist/dry	high	moderate	
Mock orange ( <i>Philadelphus lewisii</i> )	full sun/part shade	moist/dry	medium	rapid	
Pacific ninebark ( <i>Physocarpus capitatus</i> )	full sun/shade	wet/moist	high	rapid	
Nootka rose ( <i>Rosa nutkana</i> )	full sun/part shade	wet/moist	high	rapid	Forms thickets, great for restoration
Red-flowering currant ( <i>Ribes sanguineum</i> )	full sun/part shade	dry	medium	moderate	
Pacific rhododendron ( <i>Rhododendron macrophyllum</i> )	part/full shade	moist/dry	low/med	slow	
Oceanspray ( <i>Holodiscus discolor</i> )	full sun/shade	moist/dry	high	rapid	
Snowberry ( <i>Symphoricarpos albus</i> )	full sun/shade	moist/dry	high	rapid	
Cascara ( <i>Frangula purshiana</i> )	full sun/shade	wet/dry	high	rapid	
Tall Oregon grape ( <i>Mahonia aquifolium</i> )	full sun/part shade	moist/dry	high	moderate	
Low Oregon grape ( <i>Mahonia nervosa</i> )	shade	moist/dry	medium	slow	
Salal ( <i>Gaultheria shallon</i> )	partial/deep shade	moist/dry	medium	slow	Higher success rate if growing in shade
Thimbleberry ( <i>Rubus parviflorus</i> )	full sun/shade	moist	high	rapid	
Salmonberry ( <i>Rubus spectabilis</i> )	part/full shade	wet/moist	med/high	rapid	
Sitka willow ( <i>Salix sitchensis</i> )	full sun/part shade	wet/moist	high	rapid	Great for live stakes or container grown
Evergreen huckleberry ( <i>Vaccinium ovatum</i> )	part/full shade	moist/dry	medium	slow	
<b>Groundcovers</b>					
False lily-of-the-valley ( <i>Maianthemum dilatatum</i> )	part/full shade	moist/dry	high	rapid	
Twinflower ( <i>Linnaea borealis</i> )	part/full shade	moist	low/med	moderate	
Bunchberry ( <i>Cornus unalaschensis</i> )	part/full shade	moist	moderate	slow	
Western trillium ( <i>Trillium ovatum</i> )	part/full shade	moist	medium	slow	
Wild-ginger ( <i>Asarum caudatum</i> )	part/full shade	moist	medium	slow	
Vanilla leaf ( <i>Achlys triphylla</i> )	part/full shade	moist	high	moderate	
Deer fern ( <i>Blechnum spicant</i> )	shade	wet/moist	high	moderate	
Kinnickinnick ( <i>Arctostaphylos uva-ursi</i> )	full sun/part shade	moist/dry	medium	slow	
Sword fern ( <i>Polystichum munitum</i> )	part/full shade	moist/dry	high	moderate	
Fringecup ( <i>Tellima grandiflora</i> )	part/full shade	moist	high	moderate	
Foamflower ( <i>Tiarella trifoliata</i> )	part/full shade	moist	high	moderate	
Goat's beard ( <i>Aruncus dioicus</i> )	part/full shade	moist	high	rapid	
Strawberry ( <i>Fragaria vesca</i> or <i>chiloensis</i> )	full sun/part shade	moist	high	rapid	
Bleeding heart ( <i>Dicentra formosa</i> )	shade	moist	high	rapid	
Maidenhair fern ( <i>Adiantum aleuticum</i> )	part/full shade	moist	high	moderate	
Lady fern ( <i>Athyrium filix-femina</i> )	part/full shade	wet/moist	high	moderate	

This list has been compiled through information from the following resources:

[Sound Native Plants](#)

Restoration focused, local genetics from Puget Sound on all plants, plenty of resources/guidance on planting

[WSU Grow Your Own Native Garden](#)

Very useful guide to salvaging, growing, and planting native species in Western Washington

[Washington Native Plant Society](#)

Useful guide filled with local plant lists to get ideas for mixes/planting
